Weekend Closures of SR-91 freeway at Van Buren Boulevard

City prepares for freeway lane closures December 17, 18, 19

RIVERSIDE, Calif. – Early morning drivers should plan for closures on the SR-91 at Van Buren Blvd. Closures will allow for removal of temporary bridge supports for construction of the remaining Van Buren Blvd. bridge overpass.

- All westbound SR 91 lanes will close Friday night, December 17, 11 p.m. through Saturday morning, December 18, 6 a.m.
- The following night, all eastbound SR-91 lanes will close Saturday night, December 18, 11:30 p.m. through Sunday morning, December 19, 7:00 a.m.

During the closures, traffic will be detoured off the freeway onto the Van Buren Blvd. exit and then immediately back onto 91 using the on ramp. California Highway Patrol and Freeway Service Patrol will be there to assist and ease congestion.

Van Buren Blvd. over the freeway will remain open during construction, although delays are expected. All businesses will remain accessible. Drivers should use alternate routes during the closure.

The \$34.5 million project will replace the Van Buren Avenue bridge over the 91 freeway with six-lane bridge to reduce traffic congestion. New dual left-turn lanes onto westbound on ramp and additional hook ramp onto eastbound on ramp will make it easier for vehicles to access the 91 freeway.

The Project is expected to be completed by the summer 2011.
